January Meeting Time & Location

Council Bluffs Airport new Terminal Building. Monday January 11th at 7pm. See map on the last page if you need directions.

January Program

Mike Howard will be presenting a program on the new ruling and changes to the 51% rule.

Our Annual Christmas Party was a huge success!

A lot of talking

And visiting with friends.

Airplanes were armed and ready for launch —>>>

The targets were sighted. Even though helpless, they were hard to hit.

The prizes for those sharp pilots!

More members and guests having fun.

EVENTS: (B) - Breakfast / (L) - Lunch
 1st Sat Chapter 1055 (B) (0800-1000) York, NE
 3rd Sat Chapter 569 (B) (0800-1000) Crete, NE

2010 calendars are in! See Don Meyer at the meeting if you ordered one.

EXCITING CHANGES AHEAD FOR EAA'S PUBLICATIONS

The new *EAA Sport Aviation* magazine will arrive in your mailbox this month with a new look and feel, re-tooled content, and other new and exciting changes to better serve EAA's diverse membership of builders, restorers, pilots, and enthusiasts. The extensive redesign and content upgrade of EAA's flagship publication incorporates many of the findings received from our extensive member surveys. Go to <http://www.eaa.org/magazineinfo/> for more details and see frequently asked questions about these important changes. (from EAA Chapter E-gram)

FORD NARRATES DOCUMENTARY ABOUT SULLY, FLIGHT 1549 Former EAA Young Eagles Chairman, actor Harrison Ford, provided the narration for a new documentary that features one of the new co-chairmen who succeeded him. **"Brace for Impact," scheduled to premiere on January 10** on The Learning Channel (TLC), examines the landing of US Airways Flight 1549 in New York's Hudson River in which Capt. Chesley B. "Sully" Sullenberger, III, safely ditched the Airbus A320 airliner on the river after a bird strike caused the plane to lose power in both engines on January 15, 2009. (from EAA e-hotline)

2010 Dues are due:

Please send your 2010 dues, which are \$25, to our new Membership Coordinator Leonard Lawton at the following address:

This picture was taken at the Warhawk Museum in Nampa, Idaho. The gyrocopter was built by our own Bob Cartwright and his Father and donated to the museum. I believe Bob taught himself to fly the gyrocopter (but we may have to check with him on that) It is surrounded by 2 flyable P-40 Warhawks (a model P-40E and a P-40N) and a Model C P-51, also flyable. The other hangar contained 2 flyable Model D P51s. Warhawk Museum, 201 Municipal Drive, Nampa, ID 80687. For more info on the museum go to www.warhawkairmuseum.org Info and photo by Don Meyer.

Have you been to the EAA website lately and seen the free electronic newsletters that are available? If not, then go to <http://eaa.org/newsletters/> and sign up for the one (or two) that tickle your fancy. I like EAA E-hotline and Experimenter.

There are still a lot of good flying days left in the year. Call Ron Wood if you need a plane to fly or are looking for a less expensive way to fly. He is selling his Cessna 150 for \$17,000. Contact him at 402-333-7160 or rwood90641@aol.com

Paul Hamer is selling his **1/6th share in a 1977 Cessna 172** 4-place airplane. Plane is in great shape, well maintained with all records and has full IFR panel and certification. It is hangared at Blair Airport. His share is \$4000, and you will also have to pay \$92/mo for hangar/insurance costs and \$42/hr to fly (which is wet including fuel and oil). Probably no cheaper way to continue flying or learn to fly. If interested, call Paul at 402-427-5254.

1946 Continental 65hp engine for sale. Pickled. \$5000 402-290-4400. No idea who is selling this, but Jim Rush found it on craigslist. This person is also selling a zero time **Rotax 503 engine 2.58 GB** rebuild by Green Sky Adventures for \$2500.
