## Happy New Year!

I want to thank everyone again that helped make the Christmas/Holiday Party a success! Oracle was a great host, there were at least seven people other than me directly involved that helped make things roll smoothly through the night, and the food from Hy-Vee was pretty darn good. And there was a ton of food. Not quite literally, but if you left hungry, it was by your own choosing. If you were unable to make it, there were 80+ people at the party. Now, that's a party!

The next general membership meeting is January 11, 7:00 PM, at, you guessed it, Oracle Aviation. Ken Bahr will be giving a presentation from his trip to Alaska and Bering Air located in Nome, Alaska.

The January builder's meeting will be hosted by Stan Aarhus. Stan is building a RV-3. The meeting will be January 23, 9:00AM, 1205 Elizabeth Dr., Plattsmouth, NE 68048. RSVP isn't required, but if you choose to, send a quick note to Stan at [saarhus@charter.net](mailto:saarhus@charter.net). See you there!

Chris Halfman

## Meeting Minutes

There was no business meeting in December due to the holiday party. We will resume business meetings on January 11, 2016.

A number of awards were presented at the chapter holiday party. Below is a partial list; there were a few not handed out because the person receiving the award was not there.

**Jerry Ronk** - President, Chapter Coordinator  
**Chris Halfman**—Vice President and Chapter Coordinator

**Mike Howard**—Tech Counselor and Flight Advisor  
**Dale Botkin**—Secretary, Web Editor, Newsletter Editor

**Kathy Callahan**—Young Eagles Coordinator

The holiday party went very well, with 80 or more people in attendance. Oracle Aviation hosted the party in the main hangar, which has been recently cleaned and painted and was warm and comfortable for the event. A few “non-experimental” aircraft added a little aviation ambiance to the evening.

## Upcoming Events

Winter is upon us... but there's still the **EAA 569 fly-in breakfast!** From their web site: “Our first breakfast of 2016 will take place on Saturday, January 16. Come and join us for some great food, coffee, and plane talk. As always, it's all you can eat for just a \$4 donation! The breakfast takes place from 8 a.m. – 10 a.m. at the Crete Airport (CEK).”

**Chapter 80 meetings** resume on Monday, 1/11/16 at 7 PM, Oracle Aviation.

## For Sale

We have two storage rooms full of old aircraft parts, and engine parts. There is too much to list individually but mostly old Cessna and Piper parts. It all goes except for the J3 parts and the spark plug cleaning machine. We want to sell it all as a bulk item so please make an offer. There is a lot of good usable stuff in there. If you have any questions please give us a call.
