## President's Corner

Bruce Mundie

Epic journey to Dayton at 70 mph ground speed. Lots of Wright-Patterson Air Force Base "Dawn Patrol" stories to tell... I'll make sure Bob Dyer pencils me in for a future date!

Fall is here, and Winter is just around the corner. For EAA 80 it means a myriad of things: Elections, Winter Building, Winter Gathering Dinner Party, and Ray Scholar re-submission. Let's dive-in!!!

EAA 80 has several positions that are open or will be opening in 2023. Our biggest opening will be the chapter officer position of Secretary. Additional positions will be Scholarship, deputy Young Eagles, deputy Webmaster, and name tag Guru. Please consider taking on a leadership role in the chapter! If not for 2023, then in 2024 and beyond. Additionally, Ed Kirker has been working hard at arranging our Christmas Dinner Gathering. Expect an update at the November meeting and please consider attending this fantastic annual event!

Chapter business includes Ray Scholarship re-submission, Air Academy sponsor discussion, EAA National's leadership conference at EAA 80, moving the Glstar to

ABLE ACE, and moving the Zenith 750 to Plattsmouth. We definitely need your help to get these projects headed the correct direction! Please consider adding your drive and talents into these worthwhile projects!

Hope to see you at ABLE ACE at the 14 November meeting.

Thanks, and Fly Safe  
Bruce

# EAA Chapter 80 Meeting Minutes

## October 2022

The chapter meeting was held on October 10<sup>th</sup> at the Millard Airport, Oracle Aviation, and called to order at 7 PM by VP Bob Dyer.

**Guests and New Members:** Two guests were present: Sara, a private pilot that moved here from Illinois; and Jeremy from Plattsmouth that purchased a Sonex in need of work.

**Meeting Minutes:** The September 2022 minutes were approved as written.

**Treasurer's Report:** The September treasurer's report was provided in the chapter newsletter and approved. The opening balance was \$15,052.95. The ending balance is \$14,799.81.

**Membership:** Rich Kolkman reported that 100% of the now 112 active members have paid their 2022 dues. Two new members are Tony Holmes and Matt Insko. Rich mailed out a .pdf of the membership directory. Contact him if there are any problems opening the file.

### Scholarship:

- Mike Howard recently resigned from this responsibility as committee chairman. The Ray scholarship for next year has not been addressed yet. There is still the chapter scholarship of \$2,000 for (UNO) freshmen, but the status is unknown. The Air Venture Academy award is also

out there for the 2023 AirVenture attendance - again, status unknown.

- Delaney, 2022 Ray Scholarship recipient, made her first solo cross-country.

### Tech Counselors:

- Bob Condrey has sent out an email inviting anyone interested in a rookie fiberglass introduction class. Eleven have shown interest thus far and it will be done at the Able Ace facility (Oak View Mall) once the weather gets colder.

### Young Eagles (YE):

- Scott Purdie reported that seven youth were flown at Plattsmouth during our picnic and forty-four flown during STEM day. The last YE event is October 15<sup>th</sup>.

**Tools:** Numerous tools are at the Bentley hangar and are in need of maintenance. Housekeeping at the hangar is also needed.

**Friends of EAA80:** No report

### Builder Reports:

- Kim Fostvedt reported the Bearhawk is almost done and awaiting the FSDO inspection. He has started taxiing the aircraft. He has the N numbers and needs the chapter scales to weigh it.
- Ben Gilbert reports the RV-10 fiberglass work is completed with lots of little stuff to go. He started the engine about a month ago and has pulled the instrument panel to paint the interior.
- Gregory Ross is working on his RV-12 project.
- Jim Beyer's RV-10 project is collecting dust! He noted that the Aviation Nation RV-12 in 17 months has 550 hours on it.

**Builder Meeting:** No report.

**Chapter Build:**

- It was reported that the Zenith 750 is almost ready to be moved. Some cowling rework is ongoing, while awaiting the hangar availability.

**Fly-outs:** Mike Howard reported that seven aircraft with nine pilots made the trip to Stearman Field. Good food, but the service was less than expected this time.

**Social Coordinator:** Ed Kirker discussed the options for a Christmas party. Numerous venues and menus were discussed, as well as the date. A motion was made, and carried, to have the party on December 12<sup>th</sup> instead of our normal meeting. A menu selection of steak, fish, or chicken was agreed upon. There was a general preference to have this at Gorats, but Ed will look around and come up with a full proposal next month. The chapter subsidizing some of the cost was addressed, and desired, to have more attendance.

**IMC/VMC:**

- The IMC meetings start up again on October 13<sup>th</sup> at Oracle Aviation and run through the fall and spring.
- The VMC start up is not as certain as a new VMC leader is needed.

**VP:** Bob Dyer reported that he has not found a speaker for the November meeting yet.

**PRESIDENT:**

- Bruce was unable to attend as he was returning from a (long) trip to Wright Patterson in the Nieuport.

**Calendar:**

Oct 13, IMC Meeting, Oracle Aviation  
Oct 15, Young Eagles, Millard Airport  
Oct 21, Trick or Treat handouts at Able Ace (need chapter volunteers)  
Nov 14, Chapter Meeting, 7pm, **Oak View Mall Able Ace** facility

**Old Business:** None

**New Business:** December is the scheduled officer elections, but may be deferred to January.

**Announcements:**

- None

**Presentation:** A presentation on the local Omaha Composite CAP Squadron was made by CAP 1Lt Steve Moffitt, C/Maj Patrick Stolinski, and C/2<sup>nd</sup> Lt Delaney Moffitt. There are 65 cadets in the unit and as a composite squadron it consists of adults and cadets. They have two aircraft, stationed at Millard, a CAP C172 and C182. The CAP is a non-profit humanitarian organization, federally chartered, and a civilian auxiliary of the USAF for over 65 years. Their three primary missions are: Emergency Services, Cadet Programs, and Aerospace Education. They meet on Mondays. There are five CAP squadrons in the Omaha area and this composite squadron is the largest in the state of Nebraska. If interested contact:

**Next Meeting:** The next meeting is November 14<sup>th</sup> at Oak View Mall Able Ace, at 7pm.

## Safety-Food for Thought

Jim Beyer

So the story goes...the shop's air compressor dutifully provided pressurized air year-after-year and was running strong. But machines are only as good as the weakest link, and when the rubber hose crazed, cracked, and eventually sprung a leak in the middle of the

night, the compressor gave all that it could trying to build up a full tank of pressurized air. Unfortunately, the work was too much.

The shut-off pressure could never be attained. The motor ran and ran and ran. The pistons got hot. The motor struggled even more and then a flicker of a flame appeared. Soon a little flame became a big flame, then when the wooden shelves became hot, a really really big flame emerged. The end result was two Pawnees, a Grob, an office, and a hangar lie in ashes before the volunteer firemen could arrive.

Of course this did not really happen, but it could have because we left the compressor plugged in unattended. Please unplug the compressor after each use.

-Your fellow safety officer
