President's Corner

Bruce Mundie

Well the news is in: EAA 80 was selected as a gold status chapter, our third year in a row! 2021, 2022, and 2023 have been excellent to the chapter! This tremendous success is due to our excellent member leaders and volunteers. Thank you for all you do for EAA 80.

Speaking of success, our Ray Scholar Delaney Moffitt finished her private pilots license flight eval at Council Bluffs on 13 May 2023. By all measures this accomplishment is amazing. Congratulations to Delaney on this great achievement.

Our third Ray Scholar was selected through intense competition. Congratulations to Andrew Pineda as our 2023-24 nominee for the scholarship. Andrew is planning on taking his flight training at Council Bluffs airport.

National has asked EAA 80 to host the Ford Tri-Motor aircraft 11-14 August. This is a great opportunity to raise funds for the chapter. Let me know if you are interested in leading this visit.

We are still looking for a project lead for the Glstar build. Let me know if you are interested.

Turn up the summer heat, add in some great flying weather, and enjoy being a member of EAA 80!

Thanks, and fly safe! Bruce

Bruce

Miscellaneous Notes

Vice President

Bob Dyer

June 12 Dirk Peterson from the NOAA weather center in Valley will be presenting. Get your weather questions ready.

July 10 we will have Mark Gaffney from the FSDO FAASTeam presenting on maintenance and airworthiness.

If you have any future presenter ideas, drop Bob Dyer a note.

Young Eagles

Scott Pridie

Twenty-three Young Eagles and one Eagle were flown May 13.

Great turn out, lots of first time flyers and a

great crew helping out in all areas. We have two rallies in June, the 10th in honor of the 30th anniversary of the nation wide program and the 17th previously scheduled. Anyone wanting to help out please let me know.

And In Other News....

Member Jacob Ginn passed his private pilot check ride with Dan Kelly. Congrats!

For Sale!

RV-12—1/4 share

N980KM

Changes in life circumstances have encouraged me to sell my share of 980KM—known affectionately as Woodstock, okay, also as Tweety.

Housed in hangar D7 at KMLE. I am one of four owners: Me, Dale Botkin, Greg Seebold, and Jake Roll.

N980KM has approximately 850 TT. All service bulletins have been addressed except for the nose gear leg, (we have the parts, just not installed).

Exhaust was recently replaced with an upgrade; the airplane flies hands off and is very quiet. No vibrations, oil temps are steady even in climb.

\$90/month pays for hangar and insurance

\$35/hr wet

\$17,000 for 1/4 share
